

# BRONZE TERMINALS

## TYPE FNCT2

Straight Bolted  
Two Cables to Flat

Bronze alloy terminal with hex head clamping bolts for connecting two copper cables to flat.

Clamping bolts have hex-stops for one-wrench installation.

Flat pads have NEMA drilling. All sizes furnished with reversible cable caps.

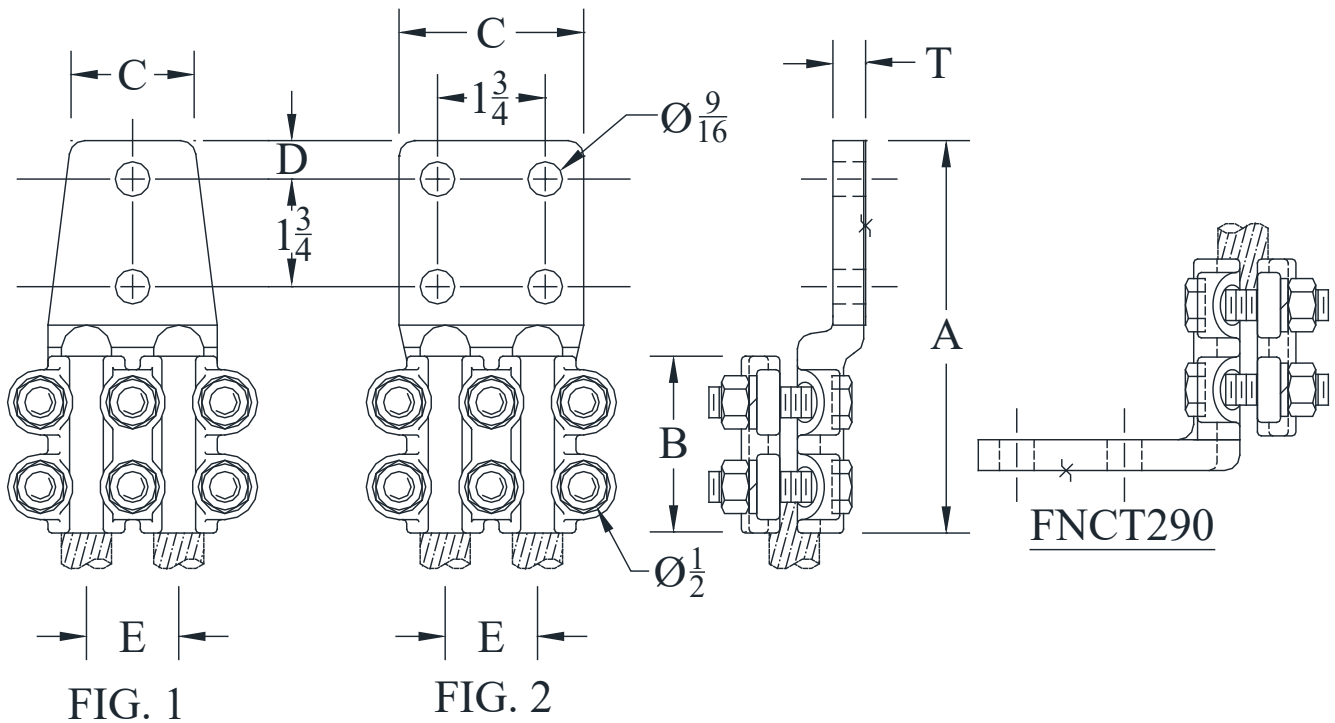

Angle connectors may be obtained by specifying desired angle.

Example: FNCT290-20-2B

Castings: Electrical Bronze

Hardware: Silicon Bronze

Options: See Page 193
