# GROUND CONNECTORS

TYPE GTC

Single Cable to Flat
Two-Piece Clamp

A two-piece ground connector for single cable to flat copper or galvanized steel surface, available with silicon bronze or galvanized steel hardware. For T dimension greater than shown, add required thickness as suffix to catalog number.
Example: GTC-14-1/2.
Also available with stainless steel bolt and flatwasher for use in tapped holes having class 2 fit. Add suffix (-T) to catalog number.

Castings: Electrical Bronze
Hardware: Silicon Bronze / Galvanized Steel

* Uses galvanized steel carriage bolt
